RESPONSE TO RESTRICTION REQUIREMENT DATED MARCH 13, 2006

Honorable Director of Patents and Trademarks
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

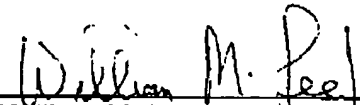

The Examiner's further restriction requirement dated March 13, 2006 has been received, but is not understood. It appears that an appropriate response has already been filed with the filing already made with the Patent and Trademark Office on December 15, 2006.

In that response, which is incorporated herein by reference, the Applicants specifically identified claims 1, 2, 5-11, 13-18 and 19-21 as properly being in one group, which corresponds to group I of the Examiner's March 13, 2006 further restriction requirement. However, the Applicants went on to make it clear that they believe that claims 24-29 should also remain, and therefore the requirement was traversed. The Examiner should review the

remarks spanning pages 7 and 8 of the response of December 15, 2005 in that regard. In any event, it should now be abundantly clear that the Examiner's current group I has been elected, with traverse for the reasons explained in the previous response of December 15, 2005, and that they Examiner should at least be acting on Group I as now identified in the March 13, 2006 further requirement.

March 20, 2006

Respectfully submitted,

William M. Lee, Jr.
